

Calling all Creative People! Logo Competition

The Sandy-Saulteaux Spiritual Centre is an Aboriginal Theological school of the United Church of Canada that prepares Aboriginal people for ministry; and provides spiritual and cross-cultural education for the wider community. It is located in Manitoba on the banks of the Brokenhead River on land that bridges boreal forest and plains. Black bears, deer, rabbits and many birds find their home here. Please consult our website for the description of our mandate and program at www.sandysaulteaux.ca.

The creation of this school as a result of the amalgamation of two schools necessitates the creation of a new logo for the Sandy-Saulteaux Spiritual Centre.

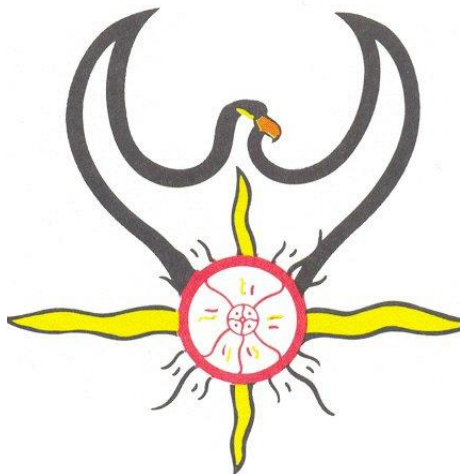

We invite artists and creative people to submit their ideas for a new logo finished in colour and also in black and white.

Staff and board members will review the submissions and make a recommendation to the board for adoption.
An honorarium will be given to the winning design.
